How we can help

About

Women In Work is a community enterprise offering flexible and mobile child care services. By offering an affordable mobile childcare service we want to improve parents and carers access to services, programs and events and facilitate their participation in their communities.

Women In Work Childcare is a flexible childcare service for your program or next event. We have accredited childcare workers that travel to your venue and provide childcare for children of all ages while parents focus on the session. Our childcare workers hold minimum of a Certificate 3 in Children's services, First Aid Level 2, Anaphylaxis and Workplace Hygiene and they are bilingual.

By using Women In Work Childcare you are supporting women from migrant and refugee backgrounds to develop their skills and gain workplace experience. All income from our childcare service goes directly towards training, employment and work experience for women.

What services we offer

- Individually tailored childcare service
